

HEROES MAKE A DIFFERENCE.

MOTIVATED HEROES CAN
CHANGE LIVES...
FOREVER!

Associate Professor of Mechanical Engineering Ram Devireddy cryogenically freezes ovarian tissue to give cancer patients a greater chance to have children in the future.

Forever LSU funds life-changing research like Professor Devireddy's. Donate TODAY and together we'll reach our goal of \$750 million by 2010.

**The Time is NOW for you to be a hero.
Visit www.foreverlsu.org to find out how.**
