

# HEROES MAKE A DIFFERENCE.

CONCERNED HEROES ARE  
BEACONS OF HOPE...  
FOREVER!

LSU psychology professor Mary Lou Kelley's research seeks to prevent post-traumatic stress disorder in young children and mothers affected by natural disasters.

Forever LSU supports life-affirming research like that of Professor Kelley. Donate TODAY and together we'll reach our goal of \$750 million by 2010.

**The Time is NOW for you to be a hero.
